

Alison Dobbins

My name is Alison Dobbins and I have been a resident of Upper Darby for 15 years.

As a Delco resident, I love that Delaware County has something for everyone. Great restaurants, beautiful parks, shopping, and lots to do. It's a great place to live, work, and play. I am currently the Deputy Chief Administrative Officer for Upper Darby Township and I'm honored to be able to bring my passion for green space, parks, and recreation to the Green Space Task Force.

I will use my skills to advocate for the needs of the youth of Delco. I aim to make open spaces accessible for everyone, no matter what age or location, through both funding the creation of new parks and increasing public awareness of Delco parks.
