

Douglas Interrante

My name is Douglas Interrante and I have been a resident of Upper Providence Township for 1.5 years.

The best part of Delco is that it's a melting pot for all that Philly embodies. It's gritty, passionate and unified. Also, my backyard – that's my sanctuary.

Area of Expertise: I'm a creative. Always curious and always learning.

I'd like to effect change by thinking outside the box and to generate excitement around enhancing green spaces within the community.
