

Robert Jordan

My name is Robert Jordan. I live in Broomall, Pennsylvania... a 35 year Delco resident.

I love the wide and exciting spectrum of recreational, athletic and entertainment venues available in Delaware County! Our residents are diverse, friendly and grateful to live in such a convenient locality.

Project management and negotiation skills are my strong suit. I am known to execute plans diligently and accurately and I make deals as a living which benefit all parties in a transaction.

I will bring value to the county by making the best operational use of our grant fund resources for the most number of citizens. My attention to detail and strategic thinking will propel these projects towards quicker completion.
