

Mitigation Action Form

Instructions: Complete an action form for each action.

Community:		Action Title/Description:
Technique (Category)		
Hazard(s) Addressed		
Priority (High, Medium, Low)		
Estimated Cost		
Potential Funding Source(s)		
Lead Agency/Department		
Implementation Schedule		
Project Description		

Note: See reverse side for list of hazards identified in 2016 Hazard Mitigation Plan and Mitigation Action Techniques (Categories).

2016 Hazards:

Natural Hazards	Drought
	Earthquake
	Extreme Temperature
	Flood, Flash Flood, & Ice Jam
	Hailstorm
	Hurricane, Tropical Storm, & Nor'easter
	Landslide
	Lightning
	Pandemic and Infectious Disease
	Radon Exposure
	Subsidence and Sinkhole
	Tornado & Windstorm
	Wildfire
	Winter Storm

Technological and Human-made Hazards	Civil Disturbance
	Dam Failure
	Environmental Hazards
	Levee Failure
	Terrorism
	Transportation Accidents
	Urban Fire and Explosion
	Utility Interruption

Mitigation Action Techniques (Categories)

Mitigation Technique	Description	Examples
Local Plans and Regulations	These actions include government authorities, policies, or codes that influence the way land and buildings are developed and built.	<ul style="list-style-type: none"> • Comprehensive plans • Land use ordinances • Capital improvement programs • Stormwater management regulations and master plans
Structure and Infrastructure	These actions involve modifying existing structures and infrastructure or constructing new structures to reduce hazard vulnerability.	<ul style="list-style-type: none"> • Acquisitions and elevations of structures in flood prone areas • Structural retrofits • Floodwalls and retaining walls • Detention and retention structures • Culverts
Natural Systems Protection	These are actions that minimize damage and losses and also preserve or restore the functions of natural systems.	<ul style="list-style-type: none"> • Stream corridor restoration • Sediment and erosion control • Conservation easements • Wetland restoration and preservation
Education and Awareness	These are actions to inform and educate citizens, elected officials, and property owners about hazards and potential ways to mitigate them, and may also include participation in national programs.	<ul style="list-style-type: none"> • NFIP outreach • Provide information and training • Websites with maps and information
